DETAILED ACTION

The amendment filed on July 17, 2007 has been acknowledged. Claim 34 has been amended. Claims 1-33 were canceled. Claims 34-43 are pending and considered before the examiner.

Claims 34-43 are allowed.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The state of art teaches that different oncolytic viruses can preferably replicate in a neoplasm and consequently kill the neoplasm cells if the neoplastic cell has particular phenotype of gene mutation. However, no prior art teaches or suggests a method of using at least two different oncolytic viruses to diagnose a phenotype of a neoplasm by just simply applying one or more kinds of oncolytic virus separately to the neoplasm and making a diagnosis based on which oncolytic virus can preferably replicate and kill the neoplastic cells.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bao Qun Li whose telephone number is 571-272-0904. The examiner can normally be reached on 6:30 am to 3:30 pm.
